## Testimonial

### From one of our tenants:

“ I really enjoyed my time here and it felt like a refuge. The environment is peaceful and welcoming, and I always felt safe and comfortable. Having free electricity was a huge bonus as it meant I could use the dryer without worrying about extra costs. Jacqui was amazing and made everything so easy. She was extremely helpful and supportive. I was living out of town so being close to taxis and the hospital made everything much easier, and it was also very affordable - (Dorothy, 80s) ”
